PRESENTED BY 

We are incredibly grateful for the generous support of our sponsors who make it possible for THRU Project to change the lives of youth with a history of foster care. Your partnership helps provide housing, mentorship, life skills workshops, transportation assistance, workforce development, and mental health services that give these young people the tools and hope they need to build independent and successful futures. Our newest initiative, the **Heart Gallery of South-Central Texas**, shines a light on children still in foster care who are waiting for forever families. Through beautiful portraits displayed in local businesses across Region 8, these youth are given a chance to be seen and loved by families ready to open their hearts and homes. Together, these programs bring healing, opportunity, and the promise of a brighter tomorrow for all youth that have experienced foster care.
